### OLD BUSINESS:

Trailer – The trailer came in, but it had the incorrect configuration. It has been reordered and will arrive in a couple of weeks. We will need volunteers for fitting it out and possibly supplies when it arrives.

Grant Program – Discussion was held over our grants and other ways we can possibly get the information out to schools, members of our club or other clubs, or for the Maine Mineral Symposium. Discussion was held over minimum and maximum amounts for grants or scholarships. John Herndon will join the committee as well.

Field Trips – A trip to the Palermo Mine is scheduled for May. More information will be supplied at the next meeting by Steffen Hermanns. Discussion was held about joining with other clubs to fill trip quotas and someone contacting Chris Nye to get the information he had.

Board Meeting – There were not enough members present to hold a formal meeting at this time.

### NEW BUSINESS:

Next Meeting – Our next meeting will be held the second Saturday in February and will be our workshop. Please bring minerals to identify, clean, or show others. This is an opportunity to get answers to any questions you have on collecting, tools, safety, etc.

Directors – As we have lost a Director, we are looking for someone to volunteer for this position. Please see Steffen Hermanns for more information if you are interested.
